Ototo – Interactive Audio CD In Hebrew

Posted by [Amitn](#) on 3/17/10 • Categorized as [Israeli Business Promotions](#)

Family rides are a great opportunity to play and learn new things.

For that aim Ototo was created: Ototo is an interactive audio CD in Hebrew which invites the family for a ride with songs, games, riddles and stories and makes it a fun and enriching experience.

Ototo invites the kids to join him in a variety of activities which involve motion, rhythm, listening comprehension, memory

and imagination.

The high quality content which was developed with the professional aid of psychologists, deals with the country and nature.

The CD includes an illustrated map of Israel, upon which Ototo invites the kids to mark their destination, identify colors, count objects, and make up stories for the different characters.

Additional complimentary content is available on the website.

Suitable for age 3-6.

Available at the shops and online:
